ENTRIES

Materials published in student publications during the calendar year prior to the annual convention are eligible in that competition. Materials produced in the school year prior to the regional conferences are eligible in those competitions.

Unless otherwise indicated, each college will be allowed a maximum of **two entries per contest**. Exceptions are Newspaper General Excellence and Front Page Layout where only one entry is allowed per publication.

If an entry has been prepared by more than three individuals, it should be listed on the electronic entry form as prepared by the publication staff.

Entries will be prepared using one of three approaches, depending on the category:

- **Clippings:** A clipping is an original story, photo or piece of art neatly cut out of a print publication and affixed with rubber cement to an 8.5- by 11-inch sheet of paper.
- **Tear sheets:** A tear sheet is an entire page of a print publication
- **Printouts:** A printout is a physical copy of an online publication page from a black and white or color printer.

STUDENT ELIGIBILITY

Students may compete in JACC contests as many times as they want while they are students at JACC member schools.

However, once they win a first- through fourth-place or a meritorious award — whether at a statewide convention or a regional conference, mail-in or on-the-spot/bring-in — they may

compete in that class of contests for only the next two years. The clock for this **two-year rule** starts ticking with the first meritorious or place win in a category and runs through the next equivalent convention/conference in two years.

JACC recognizes four classes of categories for the purposes of student eligibility:

- Writing/Editing
- Photography
- Design
- Broadcast/New Media

Students who become ineligible in one class of contest categories may continue to compete in other classes as long as they are eligible in those classes. See the JACC web site for a list of past winners no longer eligible to participation in each class.

MERITORIOUS AWARDS

Only "Meritorious" awards will be awarded in contests that generate 10 percent or less capacity (i.e., if 50 schools participate capacity is 100 — 50×2). If 10 or fewer entries are received, no first-through-fourth award or honorable mention awards will be made, only meritorious awards at the discretion of the judges.

Meritorious awards will also be awarded during the first two years of an experimental category. In addition, the JACC Board of Directors can approve permanent distribution of meritorious awards as it has done in the case of the newspaper enterprise category.

AWARD POINTS and the PACESETTER

The Pacesetter Award is a sweepstakes award to honor the top four schools in mail-in and on-the-spot competition at the annual convention. Schools must win a newspaper general excellence or online general excellence award to qualify. Qualifying schools receive sweepstakes awards for newspaper mail-in competitions, bring-in competitions and on-the-spot competitions. Magazine competitions and many broadcast/new media competitions are not included. Schools receive points for each eligible award they win:

unranked general excellence = 5 points
unranked meritorious – 3 points

first place = 5 points
second place = 4 points
third place = 3 points
fourth place = 2 points
honorable mention = 1 point
